Subsequent Military Campaigns

After Jericho, Joshua led several other campaigns to defeat the kings and cities of Canaan. These battles involved coordinated assaults and sieges, resulting in significant territorial gains. The conquest was not only military but also spiritual, as the Israelites sought to eliminate idolatry and establish a society grounded in their covenant with God.

Challenges in the Conquest

Despite many victories, the conquest was not without difficulty. Some regions remained unconquered, and the Israelites faced ongoing resistance from Canaanite groups. These challenges underscored the need for continued faithfulness and reliance on God's guidance.

Division and Settlement of the Land

Following the conquest, the Promised Land was divided among the twelve tribes of Israel.
