Before diving into the instructions, it's important to familiarize yourself with the game components. The Jumanji board game includes:

- 1 Game Board
- 4 Player Pieces
- 1 Die
- 30 Adventure Cards
- 4 Decoder Cards
- 1 Rhino Figurine
- 1 Instruction Manual

Setting Up the Game

Proper setup is crucial for an enjoyable gaming experience. Follow these steps to set up your game:

1. **Unfold the Game Board:** Place the board on a flat surface, ensuring all players can reach it comfortably.
2. **Choose Your Player Pieces:** Each player selects a piece to represent them on the board.
3. **Place the Rhino:** Position the Rhino figurine in the center of the board on the "Jumanji" space.
4. **Shuffle the Adventure Cards:** Mix the Adventure Cards and place them face down in the designated area on the board.
5. **Set Up the Decoder Cards:** Each player should take one Decoder Card, which will be used to solve challenges later in the game.
6. **Determine the Starting Player:** Players can roll the die to see who goes first; the highest number starts the game.

How to Play Jumanji

The gameplay of Jumanji is both engaging and straightforward. Here's a step-by-step guide on how to play:

Game Rounds

Each player takes turns rolling the die and moving their piece clockwise around the board. The number rolled on the die determines how many spaces they can move. Depending on the space they land on, players will encounter different scenarios:

1. **Adventure Spaces:** If a player lands on an Adventure space, they must draw an Adventure Card from the deck. These cards will present a challenge or a task that the player must complete.
2. **Question Spaces:** For these spaces, players must answer a trivia question related to the Jumanji universe or general knowledge. Correct answers may allow players to move ahead.
3. **Rhino Spaces:** Landing on a Rhino space means trouble! The player must roll the die again and move their piece backward by the number rolled.
4. **Jumanji Spaces:** If a player lands directly on a Jumanji space, they may have to complete a special task or challenge, which can be more complex than regular Adventure Cards.

Adventure Cards

The Adventure Cards are a significant part of the Jumanji experience. Each card contains a challenge, which may require players to act out scenarios, answer questions, or complete physical tasks. Players may need to use their Decoder Card to help solve certain challenges. It's essential to read the card carefully and follow the instructions provided.

Winning the Game

To win Jumanji, a player must be the first to reach the Jumanji space in the center of the board.

However, they must complete one final challenge or task to claim victory. If they succeed, they shout "Jumanji!" to win the game. If they fail, they must continue their journey around the board.
