- Seasoning: Salt and freshly ground black pepper to taste.
- Fresh Herbs: Optional, but thyme or parsley can add a fresh note.

Preparation Method

Creating Nigella Lawson's chicken liver pâté is a straightforward process that can be completed in just a few steps:

Step 1: Sauté the Aromatics

- In a large skillet, melt half of the butter (about 50 grams) over medium heat.
- Add the finely chopped onion and sauté until soft and translucent, about 5-7 minutes.
- Add the minced garlic and cook for an additional minute, being careful not to let it burn.

Step 2: Cook the Chicken Livers

- Increase the heat to medium-high and add the cleaned chicken livers to the skillet.
- Season with salt and pepper, and cook for approximately 5-7 minutes, stirring occasionally, until the livers are browned on the outside but still slightly pink on the inside.

Step 3: Deglaze the Pan

- Carefully pour in the cognac or brandy, allowing it to bubble and deglaze the pan, scraping up any flavorful bits stuck to the bottom.
- Cook for an additional 2 minutes to let the alcohol evaporate and the flavors meld.

Step 4: Blend the Mixture

- Transfer the liver mixture to a food processor.
- Add the remaining butter and a splash of cream, then blend until smooth and creamy.
- Taste and adjust seasoning if necessary.

Step 5: Chill and Serve

- Transfer the pâté to a serving dish or individual ramekins and smooth the top.
- Cover with plastic wrap and refrigerate for at least a few hours or overnight to allow the flavors to develop.
- Before serving, let the pâté sit at room temperature for about 30 minutes for easier spreading.
