How to Measure Yourself for the Perfect Fit

Before making a purchase, it's wise to take your measurements. Here's how to measure yourself accurately:

Step-by-Step Measuring Guide

1. Bust: Measure around the fullest part of your bust, ensuring the tape measure is straight and level.
2. Waist: Measure around the narrowest part of your waist, usually just above your belly button.
3. Hips: Measure around the widest part of your hips and buttocks while standing with your feet together.

Tips for Measuring

- Use a flexible measuring tape for accuracy.
- Stand straight and breathe normally while taking measurements.
- It's best to measure yourself in your underwear or fitted clothing to avoid any bulk that may skew the results.
- If you're unsure, enlist the help of a friend for more accurate measurements.

Fit Guide for Different Styles

Oh Polly caters to a variety of clothing styles, and understanding how each fits can help you make informed decisions.

Dresses

- Bodycon Dresses: These tend to fit tightly to the body. If you're between sizes, it's often best to size up for comfort.
- A-Line Dresses: These are generally more forgiving in terms of fit. You can choose your usual size or go a size down for a more fitted look.

Tops and Blouses

- Cropped Tops: These may fit tighter around the bust and waist. If you prefer a looser fit, consider sizing up.
- Bodysuits: These are designed to fit snugly. Make sure to check the fabric composition; stretchy materials will provide more comfort.

Pants and Skirts

- Trousers: The fit can vary significantly. For high-waisted styles, it's often advisable to go for your usual size, but for wide-leg or tailored fits, consider sizing up if you have larger hips.
- Skirts: A-line skirts can typically be chosen based on your waist measurement, while fitted skirts may require you to consider both waist and hip measurements.

Customer Reviews and Feedback

One of the best ways to gauge the fit of Oh Polly clothing is by checking customer reviews. Many shoppers share their experiences regarding the fit and comfort of the items they purchased. Here's how to effectively use customer feedback:

- Look for Detailed Reviews: Reviews that mention sizing can provide insight into whether an item runs small, large, or true to size.
- Check Photos: Customer-submitted photos can give you a better idea of how the clothing fits real bodies, rather than just models.
- Consider Style Variability: Keep in mind that different styles may fit differently even if they are labeled the same size.

Return and Exchange Policy

Even with the best sizing guide, sometimes items just don't fit right. Oh Polly offers a return and exchange policy to accommodate these situations:

- Return Window: Typically, you have 14 days from the date of receiving your order to initiate a return.
- Condition of Items: Items must be unworn, unwashed, and in original condition with tags attached.
- Exchanges: If you want a different size or item, it's often easier to return the original and place a new order.
