Old Testament Examples

In the Old Testament, fasting is frequently mentioned alongside prayer as a means of repentance, humility, and seeking God's favor. For example, Moses fasted for 40 days and nights while receiving the Ten Commandments (Exodus 34:28), and the people of Israel fasted during times of national crisis, such as in the book of Joel. These accounts emphasize the role of fasting in preparing the heart for divine communication and breakthrough.

New Testament Teachings

The New Testament continues to affirm the significance of prayer and fasting, particularly in the ministry of Jesus and the early church. Jesus fasted for 40 days in the wilderness before beginning His public ministry (Matthew 4:1-2), highlighting fasting as essential for spiritual strength. The early Christians practiced fasting as they sought the Holy Spirit's guidance and direction (Acts 13:2-3).
