Primos Buck Roar 2 Instructions

The Primos Buck Roar 2 is an innovative hunting call designed for attracting deer, particularly during the rutting season. With its realistic sounds and user-friendly design, it has become a favored tool amongst hunters looking to enhance their chances of a successful hunt. In this article, we will delve into the comprehensive instructions for using the Primos Buck Roar 2, covering its features, how to operate it, maintenance tips, and some frequently asked questions.

Understanding the Primos Buck Roar 2

The Buck Roar 2 is a deer call that simulates the sounds made by bucks during the mating season. This realistic sound can lure in deer, giving hunters an edge in the field. The device is designed to be portable, durable, and easy to use, making it a staple for both novice and seasoned hunters alike.

Key Features

1. Two-in-One Design: The Buck Roar 2 combines both grunt and roar calls, allowing for versatility depending on the hunting situation.
2. Realistic Sounds: Engineered to mimic the actual sounds of a buck, it can effectively attract does and other bucks.
3. Adjustable Tone: The call allows users to adjust the pitch and volume, making it easier to imitate different buck calls.
4. Lightweight: Its compact size and lightweight design ensure that it can be easily carried in the field without adding bulk.

Operating the Primos Buck Roar 2

Using the Primos Buck Roar 2 is straightforward, but mastering the technique can take some practice. Below are step-by-step instructions for effectively using the call.

Getting Started

1. Familiarize Yourself with the Call: Before heading into the field, take some time to understand the different sounds the call can produce. This will help you know when to use each sound effectively.

2. **Select a Comfortable Position:** Choose a comfortable stance or position that allows you to easily operate the call while maintaining your focus on potential deer activity.

How to Use the Call

1. Grunt Calls:

- Place the call in your mouth with the end of the tube positioned against your lips.
- Take a deep breath and slowly exhale, producing a low grunt.
- Experiment with varying the length and intensity of your exhalation to create different grunt sounds.
- Practice making short, sharp grunts for a more aggressive call and longer, drawn-out grunts for a more relaxed tone.

2. Roar Calls:

- To produce a roar, use the same mouth positioning as when making grunt calls.
- Start with a low, deep sound and gradually increase the pitch as you exhale.
- The key to an effective roar is to vary your pitch and intensity, mimicking the natural sounds of a buck during the rut.

3. Combining Sounds:

- Use grunt calls to attract does, and follow up with roars to entice other bucks into the area.
- The combination of sounds can create a more realistic and enticing scenario for deer.

Timing and Situational Awareness

Effective use of the Primos Buck Roar 2 is not only about the calls but also about timing and situational awareness.

When to Use the Call

- **During the Rut:** The peak rutting season is the best time to use the Buck Roar 2, as bucks are more active and aggressive.
- **Scouting:** Use the call during scouting trips to assess deer activity in an area; this can help you determine the best spots to set up later.
- **In the Field:** Use it when you spot deer moving through the area or when you want to create interest in a specific location.

Identifying Deer Behavior

- Watch for Signs: Look for signs of deer activity, such as scrapes, rubs, or tracks. These indicate that deer are in the area.
- Observe Their Reactions: Pay attention to how deer respond to your calls. Being able to read their behavior will help you adjust your calling technique in real-time.

Maintenance of the Buck Roar 2

To ensure longevity and optimal performance of your Primos Buck Roar 2, proper maintenance is essential.

Cleaning the Call

1. Rinse After Use: After each use, rinse the call with warm water to remove saliva and any debris.
2. Avoid Harsh Chemicals: Do not use soaps or cleaners that could damage the material or alter the sound.
3. Dry Thoroughly: Make sure to dry the call completely before storing it to prevent mold or odor buildup.

Storage Tips

- Keep in a Cool, Dry Place: Store the call in a location where it won't be exposed to extreme temperatures or moisture.
- Use a Protective Case: If possible, keep the call in a protective case to prevent accidental damage.

Frequently Asked Questions (FAQs)

1. Can the Buck Roar 2 be used for other animals?

The Primos Buck Roar 2 is specifically designed for attracting deer. While other animals may respond to similar sounds, it is most effective for its intended purpose.

2. How loud is the Buck Roar 2?

The volume can be adjusted based on your preferences. It's important to practice to find the right volume that attracts deer without alerting them to your presence.

3. Is it easy to learn how to use?

Yes, while it may take some practice to perfect your technique, the Buck Roar 2 is designed for ease of use, making it accessible for hunters of all skill levels.

4. What if the call doesn't work for me?

If you're not seeing results, consider adjusting your technique, timing, or location. Sometimes, environmental factors affect deer behavior, and it may take a few attempts to find the right combination.

Conclusion

The Primos Buck Roar 2 is an essential tool for any deer hunter looking to enhance their calling strategy. By understanding its features and following the instructions outlined above, hunters can effectively use this call to attract deer and improve their chances of success in the field. With practice, patience, and proper maintenance, the Buck Roar 2 can become a reliable companion during your hunting adventures.

Frequently Asked Questions

What are the basic features of the Primos Buck Roar 2?

The Primos Buck Roar 2 features realistic deer sounds, a compact design, and an adjustable volume control for attracting deer during hunting.

How do you operate the Primos Buck Roar 2?

To operate the Primos Buck Roar 2, insert batteries, turn on the device, and use the buttons to select the desired deer call. Adjust the volume as needed for your hunting environment.

What types of deer calls can I expect from the Buck Roar 2?

The Buck Roar 2 produces various calls, including buck grunts, estrus bleats, and aggressive calls to appeal to both does and other bucks.

What is the ideal hunting scenario for using the Primos Buck Roar 2?

The ideal hunting scenario for using the Primos Buck Roar 2 is during the rut when bucks are more responsive to calls, especially in areas with high deer activity.

Are there any maintenance tips for the Primos Buck Roar 2?

Yes, to maintain the Primos Buck Roar 2, regularly check and replace the batteries, clean the speaker grille, and store it in a dry place when not in use to ensure longevity.
