Cooking Instructions for Frozen Publix Chicken Pot Pie

If you have purchased a frozen chicken pot pie from Publix, follow these instructions for the best results:

Ingredients Needed

- 1 frozen Publix chicken pot pie
- Baking sheet
- Aluminum foil (optional)

Preparation Steps

1. **Preheat the Oven:** Set your oven to 400°F (204°C). Preheating is crucial for ensuring that the pie cooks evenly and the crust becomes golden and flaky.
2. **Remove Packaging:** Take the chicken pot pie out of its packaging. If it is in a plastic container, make sure to transfer it to an oven-safe dish.
3. **Place on Baking Sheet:** To catch any drippings and prevent a mess, place the pot pie on a baking sheet. This step is particularly important if the pie is filled to the brim.
4. **Cover the Edges (Optional):** If you prefer a less browned crust, you can cover the edges of the pie with aluminum foil. This helps to prevent burning while the center cooks thoroughly.
5. **Bake:** Place the baking sheet with the pot pie in the preheated oven. Bake for approximately 30 to 45 minutes. The exact time may vary based on your oven's efficiency and the size of the pie. It's important to check the instructions on the packaging for specific baking times.
6. **Check for Doneness:** The pot pie is ready when the filling is bubbly, and the crust is a golden brown color. You can insert a knife into the center to check if it's hot all the way through.
7. **Let It Rest:** After removing the pie from the oven, allow it to cool for about 10-15 minutes. This resting period helps the filling set and makes it easier to serve.

Cooking Instructions for Fresh Publix Chicken Pot Pie

For those who have purchased a fresh, ready-to-bake chicken pot pie, the cooking instructions are slightly different:

Ingredients Needed

- 1 fresh Publix chicken pot pie
- Baking sheet
- Knife (for serving)

Preparation Steps

1. **Preheat the Oven:** Just like with the frozen version, preheat your oven to 400°F (204°C).
2. **Remove Packaging:** Carefully take the pot pie out of its packaging.
3. **Place on Baking Sheet:** Set the pot pie on a baking sheet to catch any potential spills during baking.
4. **Bake:** Bake the fresh chicken pot pie in the preheated oven for about 25 to 35 minutes. Again, keep an eye on the cooking time as it can vary.
5. **Check for Doneness:** Ensure that the crust is golden brown and that the filling is bubbling. You can insert a knife into the center to ensure it's hot throughout.
6. **Let It Rest:** Allow the pot pie to sit for about 10 minutes after removing it from the oven. This resting time helps the filling to stabilize and makes serving easier.
